

## **MestReNova NMR Software**

- Developed at Santiago de Compostela, Spain
- Accepts Data from Both Bruker and Varian NMR
- Operates on Windows, Linux or MAC
- User-Friendly and Simple to Use, for 1D and 2D Data Processing
- Unlimited Permanent Campus-Wide Site License: Download License to Your Computer, Download Software, Start Up

Upon Startup, MestReNova Looks for the U of A License Server Website. If it Finds It (You Must be On the U of A Network) You Get a 90 Day License.

Every Time You Start Up MestReNova and Connect to the Server, the 90 Day License is Renewed.
